

## THREE

### Witnesses Examined.

### Case of Prof. Glover Received Attention.

### Prof. Thomas Acted as Cross Examiner.

### Dr. F. C. Reed Asks Questions For the Defense.

### Reported That Damage Cases Will be Brought.

It was stated Friday that Prof. R. S. Thomas would institute damage cases against the witnesses who give testimony before the investigation committee.

Those who have been the most active in bringing about the investigation say that this report has had the effect of intimidating the teachers and other parties, who were expected to testify before the committee.

The committee met at the superintendents office Thursday night. But three witnesses were examined. The case of Prof. N. L. Glover was considered. It will be remembered that a \$400 cut was made in his salary. He claims that Prof. Thomas told him that he had protested against the reduction. Two members of the Committee on Teachers and Salaries, Messrs. Freese and Kelley, say that Prof. Thomas, instead of recommending against the reduction, recommended that the cut be made. The witnesses examined Thursday evening were Messrs. Freese and Kelley and Prof. Glover.

Prof. Thomas is present at every session of the committee, acting in the capacity of a cross examiner. Dr. F. C. Reed, who is a member of the committee, it is said, asks questions that are calculated to create a sentiment in favor of Prof. Thomas.

Dr. Bull's Cough Syrup will give immediate relief to a child suffocating with the dreadful croup. Mothers, keep this reliable medicine always on hand and it will save you many uneasy hours. It costs but 25c.

## LIGHTNING

### Tore Away the Side of the Dwelling.

During the terrific electrical storm Thursday the residence of William Yockey, Thornton st., was struck by lightning. One side of the house was almost ripped off. Mrs. Yockey, who was near an open door, was badly shocked.

The Spicer school building was also struck. No serious damage resulted.

## HANNA

### Had His Own Way

### When It Came to Voting Delegates.

### Nash Nominated on Second Ballot.

### Boss Cox Got Even With Alexander.

### The Party Must Carry Hanna Two Years More.

COLUMBUS, June 2.—(SPL.)—Before  
Senator Hanna retired last night he  
remarked that the gubernatorial con-  
test was, to him, "like a Chinese  
puzzle," but it developed in the con-  
vention this morning that he was  
merely joking.

The balloting for governor demon-  
strated that the Hanna forces were  
in complete control, for Judge Nash,  
of Columbus, the Hanna favorite,  
was nominated with ease.

After the oratorical fireworks had  
been touched off at the opening of  
the convention this morning the bal-  
loting for governor began.

The first ballot resulted: Nash,  
230; Daugherty 216; Doughlas 61; Asa  
Jones 76; Durbin 46; Hall 39; Nevins  
82; Orr 17.

Summit county divided its vote be-  
tween Nash and Daugherty, with  
one each for Durbin and Nevins.

Nash Nominated.

Nash was nominated on the second  
ballot, receiving 388 votes. The  
strength of Douglas, Durbin and a  
part of the Hamilton county vote  
controlled by Boss Cox, that had  
been scattered on the first ballot,  
made the nomination possible. On  
motion of Chairman Holcomb of the  
Cuyahoga delegation, a leading  
Daugherty man, the nomination was  
made unanimous.

Boss Cox Defeated Alexander.

John A. Caldwell, of Cincinnati,  
was nominated for Lieutenant Gov-  
ernor on the first ballot, defeating J.  
P. Park Alexander of Akron and Capt.  
E. S. Stanbery of Ironton.

Caldwell is a favorite of Boss Cox,  
of Cincinnati, who supported him in  
part as a means of evening the score  
with Senator Alexander for legisla-  
ting Cox's Board of Public Affairs  
and subordinating out of office last  
winter.

Other Nominations.

W. D. Guilbert was re-nominated  
for Auditor of State by acclamation.  
I. W. Cameron of Columbiana was  
nominated for Treasurer on the first  
ballot.

Attorney General.

On the third ballot J. M. Sheets of  
Putnam county was nominated for  
attorney general. Motion to make  
unanimous carried.

## TALKED HARMONY

### While Carrying Long Knives Up Their Sleeves—The Convention.

COLUMBUS, June 2.—The Republican  
state convention reassembled at about  
10 o'clock this morning.

Daugherty appeared to be in the lead,  
but the conference continued, however,  
and the field may next turn on Daugh-  
erty. There were those who believed that  
no winning combination can be formed  
until after the test of balloting. The  
committee on rules and order of busi-  
ness, last night, limited all nominating  
speeches to five minutes, with only one  
seconding speech of one minute, in an-  
ticipation of the convention running  
late into Friday night or being con-  
tinued over to Saturday.

The committee on permanent organi-  
zation decided to report in favor of  
Continued on Third Page.

## PROTECTED

### His Property With a Shot Gun at Boston Ledges.

Telephone connection between  
Akron and Cleveland was cut off  
Thursday afternoon.

The heavy storm blew a large tree  
down at the Boston Ledges, owned  
by William H. Evans, the well-  
known real estate man. The tree  
fell across the Central Union wire  
and broke it. When the company's  
lineman went to repair the damage  
they met with resistance by Mr.  
Evans. He ordered the men off his  
premises. They refused to go. He  
then armed himself with a double  
barrelled shot gun and threatened to  
shoot the first man that attempted to  
put the wire up on his property. The  
Central Union sought relief last  
night by getting an injunction from  
Judge Stone, of Cleveland, restrain-  
ing Mr. Evans from interfering with  
the company's lines. Mr. Evans was  
at the Ledges at the time the storm  
occurred looking over the construc-  
tion of addition to his pavilion.

Mr. Evans' Statement.

His son, William H. Evans Jr.,  
made the following statement to a  
DEMOCRAT reporter Friday morning.  
He said:

"Several years ago the Central  
Union Co. had its line on the east  
side of the road. When the A. B.  
& C. put wires on the east side, the  
Central Union moved to the west  
side. It made arrangements with  
L. K. Ramey, a farmer, south of the  
Boston Ledges, to put poles on his  
property. Without asking us the  
company afterward intended to cross  
a corner of our property. Its men  
tripped the trees in order to  
get a line through. The trees were  
damaged to such an extent that it  
will eventually kill them. The trees  
were of special value to us as they  
furnished abundant shade for our  
patrons waiting for cars. We ad-  
dressed several letters to telephone  
officials, but received no satisfaction.  
Then we dropped the matter until  
yesterday, when the storm blew  
down a tree, which fell across their  
line, completely breaking it. When  
they came up Thursday to repair the  
same we objected to their putting the  
line on our property, but were per-  
fectly willing to let them put it up in  
the road.

"Sheriff Kelly served an injunction  
which had been issued by Judge  
Stone of Cleveland. Early this  
morning we consulted an attorney  
in regard to the matter and fully in-  
tended to obey the orders of the  
court."

Dr. Bull's Cough Syrup cures the  
most stubborn coughs, colds and  
lung affections. Even incipient con-  
sumption has been successfully cured  
by this marvelous remedy. Sufferers  
will obtain relief after a few doses.

## LAST LINKS.

Justice Campbell's court Thursday  
afternoon, charged by Milton S. Bas-  
sett with selling cigarettes to child-  
ren, was bound over to Probate court  
in the sum of \$100.

PASSED THE EXAMINATION—  
Winifred B. Collins and C. E. Hel-  
fer were successful in the examina-  
tion before the State Medical Board  
at Columbus. The first named is  
now an assistant pharmacist and Mr.  
Helfer a pharmacist.

## SOUTHERNERS AND COFFEE.

A Cooking School Teacher from the South.

My father was a Southerner, and  
therefore we always had coffee three  
times a day, and as a result, are a  
very nervous family.

I could not break off from the  
coffee habit until I found a deli-  
cious beverage in the Postum Food  
Coffee.

I have learned to like it better than  
coffee.

We did not like it at first, because  
it was not made according to direc-  
tions, but since we have come to  
know that it must be boiled, we are  
enthusiastic in its praise.

I give lessons in cooking, and am  
naturally brought in contact with a  
great many people whose habits of  
food and drink I learn. I find that  
many families have come to know of  
the advantage of Postum Food Coffee  
and have abandoned common coffee  
altogether. I could send you a long  
list of those if you care for it.

I cannot speak too highly in praise  
of Postum. I have often wished I  
could afford to buy a few dollars' worth  
and give it to those who are  
suffering from the drug contained in  
ordinary coffee and who would be  
glad to know that they could have a  
delicious cup of health coffee. Mrs.  
Myra J. Towner, 302 W. 5th st.,  
Kansas City, Mo.
